

SHRINE 3.0.0 Chapter 14 - Verifying SHRINE Operation

After installing and configuring SHRINE, you can verify the installation by navigating to each application's login page and signing in.

- The SHRINE Webclient - the url should be in the form of https://your_shrine_url:6443/shrine-api/shrine-webclient/ . This will be the application you use most often. Log in, construct, and run a query. Do this to test that the term index files are correct, and to test out the full flow through the system.
