

Try the eagle-i software online

The eagle-i central search application is free and open to everyone, try it out at eagle-i.net

Use our [training node](#) as a sandbox for playing with institutional applications:

- Sweet: <http://training.eagle-i.net/sweet>
 - use credentials L1:Level1 for basic access, or L4:Level4 for curator access
- Public sparql endpoint: <http://training.eagle-i.net/sparqler>
- Institutional search: <http://training.eagle-i.net/insitution>
