

# **net.shrine.metadata. ExceptionWhilePreparingTimeoutResponse**

## **Summary**

The SHRINE QEP service was unable to prepare a response to a long poll after it has timed out due to an exception.

## **Since 1.23**

## **Explanation**

The SHRINE QEP service encountered a problem while preparing a response.

## **Resolution**

If you are a user contact your local admin.

If you are the QEP admin, examine the included stack trace to understand and resolve the problem.

## **Retired in Shrine 2.0**
