Scheduler Sandbox

The Sandbox is an instance of the Scheduler application that is available for you to explore and learn how to navigate the system.

Access the Sandbox Here

Anyone can access the Sandbox and with a variety of roles! (Learn about the different roles.)

The password for all Sandbox roles/usernames is: Password8)
Please note that there is a parenthesis at the end of the password.

Role	Username
Super Admin	fa123
Resource Manager	nr123
Scheduler	bs123
Front Desk	fd123
Study Staff	ps123
General View	gv123

IMPORTANT ⚠️ **DO NOT put any patient data in the Sandbox system.**

- Data is purged nightly (around 2:00 AM Eastern) and the system is re-populated with our test data.
- The test data we use to re-populate the sandbox does not include any real data.
- Since the login information to the Sandbox is shared, please do not reset or change the password for any of the roles/usernames below.

For any assistance with the Scheduler Sandbox, please submit a Zendesk support ticket.
