

# SHRINE 3.2.0 Chapter 14 - Verifying SHRINE Operation

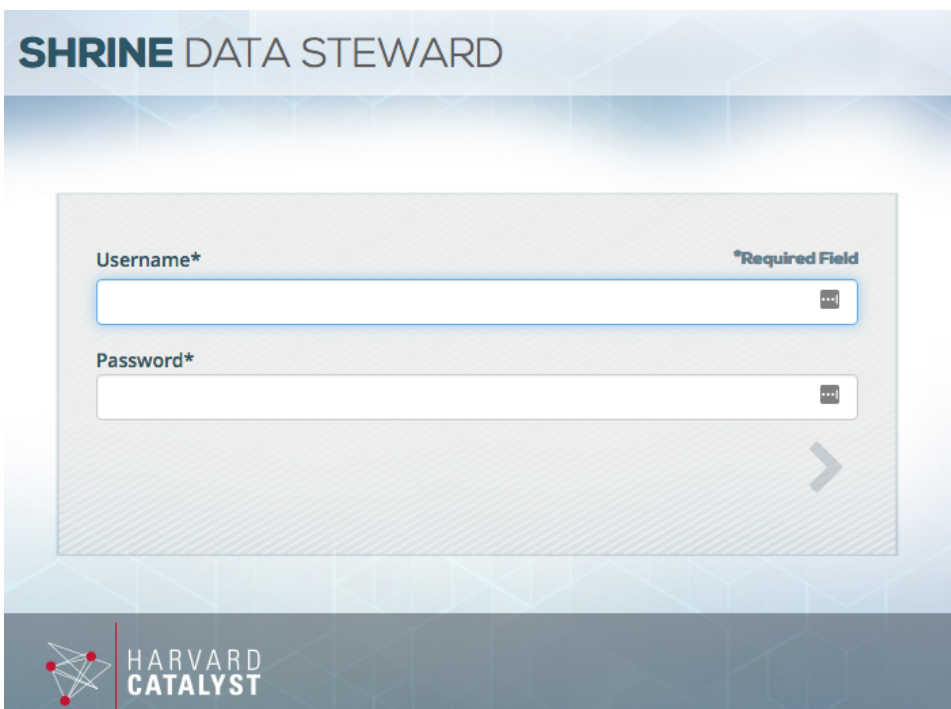

After installing and configuring SHRINE, you can verify the installation by navigating to each application's login page and signing in.

- **Clear the browser cache**
- Navigate to the SHRINE Webclient - the url should be in the form of [https://your\\_shrine\\_url:6443/shrine-api/shrine-webclient/](https://your_shrine_url:6443/shrine-api/shrine-webclient/) . This will be the application you use most often. Log in, construct, and run a query. Do this to test that the term index files are correct, and to test out the full flow through the system.

The image shows the login page for 'The SHRINE Network'. The header is a dark blue bar with the text 'The SHRINE Network' and 'Powered by the NCATS CTSa Program' on the right. Below the header, the page is white with a central 'Sign in' section. This section contains a 'Username' input field with a cursor, a 'Password' input field, and a blue 'SIGN IN' button below them.

- The SHRINE Data Steward - the url should be in the form of [https://your\\_shrine\\_url:6443/shrine-api/shrine-steward/](https://your_shrine_url:6443/shrine-api/shrine-steward/) . Log in as the data steward to observe what your researchers are doing.

The image shows the login page for 'SHRINE DATA STEWARD'. The header is a light blue bar with the text 'SHRINE DATA STEWARD'. Below the header, the page has a light blue background with a grid pattern. In the center, there is a white login box with a grey border. Inside the box, there are two input fields: 'Username\*' and 'Password\*', both marked as '\*Required Field'. Each field has a small 'x' icon on the right. Below the fields is a large grey arrow pointing right. At the bottom of the page, there is a dark blue bar with the 'HARVARD CATALYST' logo on the left.
